Stacie, Rick- we've been asked again by Sen. Elfreth's office about this issue, which you'll remember was last discussed in September.

QUESTION/REQUEST: do we have any updated information on this issue that is, of course, able to be shared with the public, eg not related to inspection status?

Subject: NEW INQUIRY: Sands Rd in Anne Arundel County, MD

Hi Lena,

I received an inquiry from Senator Elfreth's office today (12/2/2020) on this matter. Is there any publicly available information that we can share?

Thanks,
Kyle

Karen, thanks for sharing the concern and Cecil's answer- good reminder.

Kyle- unless I hear otherwise, can I assume that you're well aware of what we/EPA consider to be publicly available info as it relates to inspections?

Hey Folks,

I just heard back from Senator Elfreth's Chief of Staff (CoS). They would like us to keep the Senator informed about the two upcoming inspections as well as the findings from the IRL. Please keep me in the loop and I can provide updates to the Senator, as appropriate.

Ex. 5 Attorney Client (AC)

Let me know.

Thanks,
Kyle

Stacie, Jennie- thank you- in my opinion, these fit the bill and I expect will more than adequately support Kyle in her reaching out.

Kyle- feel free to reach out directly to Jennie, copying me, with follow-up questions.

If not further questions (for now), we/ECAD would ask that you let us know when you respond to this inquiry (if by email, share that with us; if by phone call, let us know how that went for situational awareness).

Thx!

Subject: Sands Rd in Anne Arundel County, MD

Dear Stacie and Rick,

I hope you are both having a great start to your week.

I am reaching out about an environmental issue we have in our state legislative district that we’d like an updated status on. In Sands Rd, in Anne Arundel County Maryland, there has been a compounding land fil, wastewater, and others that are not only causing a disruptive amount of truck traffic to the historically African American community, but they have had decades of health concerns.

Tyler Abbott from the MD Dept of Environment referred this case to you both and I would like to follow up to see it’s current status and if there’s anything we can do to assist or any additional information I can help provide.

Thank you for your time and assistance.

Best,
Johntel
